Presented By The
CLASS OF '54
HUDSON HIGH SCHOOL
Hudson, New York

Foreword

In deciding upon a theme, we, the editors, have tried to find something which is familiar to everyone, yet which clearly symbolizes the graduating class. And so, we present to you the "Towers".

A tower usually has a base converging upon a pointed tip, which seemingly wants to reach farther skyward. Each senior might consider himself at the base of the tower with the very peak of it as his highest goal—success and happiness. Members of

the graduating class are now, figuratively, starting out from the base of the tower, with the peak as a goal. Here at Hudson High School, in addition to the beautiful campus, we have the stately school tower atop the main building to remind us of this goal.

As you leaf through the pages of this book, try to remember the meaning that the beautiful towers have for the members of the class of 1954.

Our hopes like towering falcons aim
At objects on an airy height
The pleasure of the game
Is from afar to view the flight...

Tennyson-

R. Clowe

Dedication

For his patience and friendliness, for his understanding of students, for his never-failing sense of humor, and for the sincere interest he has shown as adviser to the school publications, we, the

class of 1954, take a deep pride in dedicating the 1954 "*Blue and Gold*" to Mr. Paul J. Westfall, popular commercial teacher of Hudson High School.

The Blue and Gold

Yes, blue and gold is the flag we love,
Let's cheer for Hudson High,
Come gather 'round and sing a song,
That mounts unto the sky.

Chorus

All hail to the colors we cherish,
A pennon of blue and gold,
And hail to her sons and daughters,
Sweetest mem'ries days unfold,
Our love for thee never shall perish,
Sturdy, staunch, and bold,
We will fight for the right and old Hudson High,
For the Blue and the Gold.

Seniors

SENIOR CLASS

Believe it or not, we, the class of '54, entered Hudson High in September, 1950 as freshmen with little knowledge of what there was in store for us during the four years to come. We were afraid and unsure of ourselves then; but now our senior year has come to an end, and we can look back on a lot of fun. Let's turn back to those days and recall our four years here at Hudson High.

In September, we held our first meeting under the guidance of our freshman advisor, Mr. Huddleston. After elections, we had decided upon Robert Clowe as president; Lou Payne as vice-president; Sally Baker as secretary; and Joan Pratt as treasurer, with John Grandinetti assisting her. One of the best social affairs of the class of 1954 was the freshman dance called "The Lucky Horseshoe."

Upon our return as sophomores we elected class officers. They were: president, Charlanne Bailey; vice-president, Joan Belknap; secretary, Betty Jean Holmes; and Joan Pratt as treasurer, with John Grandinetti as assistant. The class dance was soon upon us again and we named it the "Sophomore Snowball" and planned it with our advisor, Mrs. Roth.

Once again a new year opened to us, but now we were "upper-classmen" and pretty proud to be out of those lower ranks. After taking over the science corridor, we elected Lou Payne president of the junior class; Bill Hallenbeck, vice-president; Elaine Bortugno, secretary; and Joan Pratt, treasurer for the third consecutive year, with Jane Magsamen assisting her. Our class advisor, Miss Calkins, helped plan for our class dance, named the "Mardi Gras". Nine members of our class were inducted into the National Honor Society. Those so honored were Sally Baker, Sandra Epstein, Valeria Mieske, Vaira Pamiljans, Charlanne Bailey, Robert Clowe, Joel Eisenberg, Wendell Fingar, and Merrill Johnson. Inducted into the National

HISTORY

Thespians were Robert Golding, Marsha Goldstein, Peter Ostrander, and Graham Hasbrouck. So we ended our junior year and achieved our goal of three years, being seniors.

After what seemed a short summer vacation, we returned with that know-it-all look to start our senior year, which was our best and, as all will agree, our busiest year. We selected our announcements and name cards, received our senior pictures, were measured for caps and gowns, took final exams, and prepared for graduation. Under the guidance of Mr. Styles, our senior advisor, we chose the following class officers: Lou Payne, president; Dave Teator, vice-president; Anne Colby, secretary; Joan Belknap, treasurer; and Joan Harris and Valeria Mieske as assistant treasurers. The seniors have been very busy this year as heads of organizations. For the first time in many years, a "Madam" president of the Student Council was elected in the person of Charlanne Bailey with Joel Flaum as vice-president; Joan Pratt as secretary; and Glenn Dallas as treasurer. Jim Esselstyn ably headed the Student Service Committee, and Barbara McCulloch, Rose Marie Whiteside, and Mary Ellen Mink were chosen co-editors of the OWL. The editor-in-chief of the "Blue and Gold" was Wendell Fingar with Sally Baker as business manager. The DAR Citizenship Prize was awarded to Charlanne Bailey. Barry Mynter, Jim Esselstyn, Tonu Kirsimagi, Lou Payne, Tom Canape, and others excelled in varsity sports. Inducted into the NHS were Elaine Bortugno, Elizabeth Bortugno, Marsha Goldstein, Barbara McCulloch, and Audrey Pattison.

After the Senior Ball and graduation, we will turn the last page in our book of class history. Then, we can look back on four memorable years, knowing that they were our most enjoyable, and look forward to many more years in which we can be proud to say that we were part of the class of '54 of Hudson High School.

JOHN J. ALESSANDRO

John, who is known as "Kid Brooklyn" to his friends, left us in his sophomore year to go to Lawrence High in Brooklyn and returned to Hudson this year. When asked about his hobbies, John answered "baseball and girls." That's quite a combination, "Kid". After graduation, John plans to join the Navy.

TRACY ALEXANDER

Tracy, nicknamed "Skip" by his friends, is that quiet senior boy in H.R. 354. Tracy participated in basketball in his junior year and he was a member of the F.F.A. during his sophomore year. He chooses industrial arts as his favorite subject. Tracy is undecided about what he will do upon graduation, but we all hope he will reach whatever goal he sets.

DOLORES M. ALGER
"Ollie" is that talkative classmate of ours found in H.R. 351. Dolores spends many of her free periods working on the business staff of the "Blue and Gold" and on the "Owl" typing staff. She is always welcoming you by a pleasant smile. In the future, "Ollie" surely will be an efficient secretary.

PETER H. AVERY, JR.

Peter, better known to us as Pete, considers graduating his greatest accomplishment. Next year, though, Pete will miss Projection Club, of which he was an active member for four years. Taking up some of his spare time is that certain senior girl to whom he is engaged and who naturally figures in his plans for the future. Without a doubt, H.H.S. will miss Pete's eternal smile and happy-go-lucky ways.

CHARLANNE BAILEY
Charlanne is the exception to the rule "beautiful, but dumb". During her four years, she has held offices in the National Honor Society and Forum, was president of her class in her sophomore year, and ably presided over the Student Council this year. "Charly", as she is better known, especially by a certain senior boy, was twice elected Syracuse Citizenship delegate and was the DAR Good Citizen this year. Charlanne will certainly be missed for the fine job she has done.

SALLY A. BAKER

As the years go by, Sally will be long remembered for the secretarial services she has rendered. This cheerful girl was freshman class secretary, Student Council secretary in her junior year, and National Honor Society secretary in her senior year. In addition, Sally found time for both band and choir, and to make this naturally busy life even more so, she was elected to the job of "Blue and Gold" business manager.

BETTY B. BARTHOLOMEW

A pleasant smile and cheerful atmosphere seem to follow Betty wherever she goes. This attractive senior's abilities have earned her membership in Orchestra and Dance Band besides her four years in the saxophone section of the band. Being in the Science Club and on the "Blue and Gold" editorial staff has also taken up much of Betty's time this year. We know Betty will be successful in her future teaching career.

GLORIA BARTHOLOMEW

Gloria is kept busy this year as chief typist for the "Blue and Gold", a duty she enjoys very much. "Glo" can usually be found roller skating at Cairo on Saturday nights. Ice skating is also one of her favorite hobbies. The Christian Endeavor and Girls' League meetings also take up much of her time. Business law rates as her favorite subject.

CATHERINE A. BARTO

Cathy and talking go hand and hand, but for four years her tinkling little voice has been pleasant to hear! Cathy has participated in band and choir for four years, Girls' Ensemble for three, G.A.A. board for two years, and the "Owl" business staff. The class of '54 knows what state other than New York Cathy would like to be in, say Connecticut.

EDWARD BICJAN

Ed joined the class of '54 in his sophomore year, coming from Benjamin Franklin High in New York. Ed's manner could be described in one appropriate word "smooth". His smoothness has been best shown by our excellent interclass basketball and soccer record, in which Ed was one of the mainstays. Ed's other activities include Student Service Committee and varsity baseball. His lush hairdo and friendliness will long be remembered by his classmates.

ELAINE BORTUGNO

"Is it Elizabeth? No, it's Elaine, I think." Almost every student and teacher in Hudson High has at one time said this, although their closest friends say it's very easy to tell them apart. Elaine has acted as secretary of our class in her junior year and secretary of the Photo Club in her sophomore year. During their senior year, both Elaine and Betty have been kept busy in the Science Club and the National Honor Society.

JOAN BELKNAP

This tall senior girl with the blue eyes seems to have a witty answer for everything. Joanie's many activities have included being our "veep" during sophomore year, our treasurer this year, and a third floor monitor. Although she hails from Greenport, South Bend, Indiana is her favorite spot. "Notre Dame weekends are tops", confides Joan. If you wake up some morning in a hospital, Joanie may be the nurse taking your pulse.

ELIZABETH BORTUGNO

Betty is the other half of that duo that always has us guessing. Her four years at Hudson High have included membership in the Photo Club, the Student Council, G.A.A., Science Club, and French Club. Both Betty and Elaine tell us that they plan future careers in homemaking. After seeing their work in the county 4-H group, we know they couldn't have made a wiser choice.

MARTA E. BOSS

Marta has great fun collecting photographs for her album, and she considers this one of her favorite hobbies. Three of her four years in high school have been spent on the "Owl" Staff, and she has received a certificate for her fine work. Mart, as she is called by her friends, names home economics as her favorite subject.

RICHARD BUCHOLSKY

Dick, who can be seen in the halls with a certain senior girl, considers passing physics as his greatest achievement. He has participated in intramural basketball, which he claims to be his favorite sport, along with hunting and fishing. After graduation, Dick plans to join the Navy and study electronics.

AUGUSTINE C. CAGGIANELLI

"Buddy" is a great sports enthusiast, having played football two years and track two years. He would have liked to participate in more sports, but he was curtailed by doctor's orders. Next to football, hunting is a favorite of Buddy's. For hobbies he occupies himself with photography and chemistry. Buddy places the sciences among his favorite subjects.

THOMAS J. CANAPE

Tom, who's been on the football team for four years, was a hard-running halfback on this year's team, of which he was co-captain. If he isn't racking up touchdowns, then he may be found playing basketball at the Blue Anchor. Tom is a four-year member of the Projection Club. His pleasant personality and ever-ready smile should be a great asset in the years to come.

MICHAEL A. CHELELLI

Mickey's greatest asset, if there is a greatest, is probably the enthusiasm he displays for everything he does. Whether it's playing varsity soccer or playing that "real gone" trumpet, Mickey is always in there pitching. "Chic", as his close friends know him, has numerous other activities, including varsity baseball, football, track, intramural basketball and soccer, Student Council, and dance band.

ROBERT CLOWE

If he's not playing the piano, he's presiding over National Honor Society meetings; if he's not making posters, or drawing for the "Blue and Gold," he's playing his clarinet! These activities, plus being one of our "Syracuse citizens", have kept this talented senior boy very busy. "Confidentially," says Bob, "I've been playing in the band so long, I've forgotten the words to the Fight Song!" We forgive you, though, and wish you future success.

BARBARA ANNE COLBY

"Indispensable Anne" can usually be seen checking to see if all the third floor monitors are at their posts. She's been active in Student Council, Forum, Charlatans, French Club, and is our senior class secretary. Ann's pet peeve is people who don't have things completed at deadline time. Her pleasant personality will surely help her to have a successful future.

GLENN T. DALLAS

Glenn is one of the most "all around" boys in the class. He has spent four years in basketball and baseball, earning varsity H's in both sports. This year Glenn piloted the Projection Club after three years of experience and was Student Council treasurer. Aside from all this, Glenn is a terrific dancer, and, last but not least, he is very good looking. Our best to this boy, who is the product of such a combination.

MADALINE H. DeCINTIO

Madaline, whose nickname is "Toot", has been a violin-playing member of the orchestra for four years. When "Toot" is not busy with "Blue and Gold" work, as she is an assistant editor, she enjoys reading and embroidery. You will be able to find this senior girl in a local insurance agent's office after school. Madaline plans to continue working there after graduation.

JOHN H. DeLAMATER

John is one of a number of our class who comes from Claverack, and like the large majority of Claverack fellows, he really enjoys hunting. He likes all forms of athletics and seems to be equally good in all sports. While in Hudson, he has played J.V. basketball, varsity football and baseball. Pittsfield General Electric interests John, and he plans to enter there after graduation.

ROSE MARIE DAVI

Rose, also known as "Jellybean" to many of her friends, is that very talkative brunette in room 351. Among her outside interests, Rose places square dancing at the top of the list, while she classifies shorthand as her favorite school subject. During the eighth period, you may find Rose typing for the "Owl". After graduation, Rose plans on becoming a secretary.

GUSTAVE F. DOLFAX, JR.

Gus, who lives in Greenport, is one of the few persons who likes work better than anything else. Gus has worked after school at the First National Store and finds a job on a farm for the summer. During any time off, however, he likes to go hunting or fishing. After graduation, his ambition is to become an automobile mechanic.

JOAN E. DUNSPAUGH

The Blue Anchor and collecting records really rate high with Joan. She has quite a large collection of well-known recordings. Sports also prove interesting to Joan, and she has enjoyed playing interclass basketball. She considers passing business law her greatest accomplishment and names shorthand as her favorite subject. "Dee", as Joan is called by her close friends, plans to enter Albany Business College after graduation.

MARILYN A. DuPONT

Marilyn is a girl who loves to sew. She takes pride in making most of her clothes. Proof that English is her favorite subject is shown in her work as assistant editor of the "Blue and Gold" this year. Marilyn plans to attend college after graduation to study to be a private secretary. The best of luck goes with her as she sets forth into the future.

JOEL H. EISENBERG

National Honor Society, Varsity Soccer and Student Service Committee floor captain. Want more? Syracuse Citizenship Prize, vice-president of Forum and asst. secretary of the Student Council in his junior year, Science Club, intramural basketball and soccer. Let the record speak for itself. This outstanding senior spends whatever leisure time he has at "Chi" meetings, or developing his already great skill of describing all events and happenings in a most picturesque manner.

H. PETER ENGEL

If you're looking for a combination of science, music, and photography, "Pete" is the one to see. His talents in all these fields have long been recognized by his fellow students. Pete's good looks and pleasant personality have aided him in the winning of many friends. His interest in science will lead him to study engineering in college after graduation.

SANDRA R. EPSTEIN

Sandra has enjoyed sports, having participated in the G.A.A. during her first three years of high school. Her position as president of the French Club, along with her duties as assistant editor of the "Blue and Gold", has taken up much of her time. Sandra is well known for her scholastic ability, as a member of the National Honor Society, but she is probably even better known for her trips, which include visiting Mexico, Italy, and Spain.

JAMES ESSELSTYN

Jim has been one of our most popular senior boys. His pleasant smile and fine personality have earned him the chairmanship of the Student Service Committee, of which he was also a member during his junior year, and the honor of co-captain of the varsity football squad this year, on which he has been star center for three years. He has also been a member of the Student Council and of the "Blue and Gold" business staff.

LAYTON FEROE

This senior boy's acting abilities and four years in the Charlatans have earned him membership in the National Thespian Society in his junior year. Layton has taken part in eight Charlatan presentations during his high school career. You will usually be able to find him at the Blue Anchor, where he spends a lot of his after-school time. In his plans for the future, Layton includes attending Emerson College, after which he expects to enter the announcing field.

WENDELL L. FINGAR

Who's that tall, red-headed boy dashing through the hall after someone? That is Wendell, our editor-in-chief of the "Blue and Gold", chasing down a deadline dodger. This has been a familiar sight, but we can see how it paid off when we look at the book. Wendell has been active in National Honor Society for two years, French Club for two years, and Science Club. Wendell's pleasing personality has aided him in winning many friends.

JOEL M. FLAUM

This "Veep" of the Student Council has proved that vice-presidents do other work besides holding the flag in assemblies. The energy that isn't used up in Student Council is taken care of when fulfilling the duties as President of the Forum. Joel's other activities include varsity soccer, varsity track, intramural basketball and soccer, Charlatans and Student Service Committee.

IRENE JEAN FRASSA

The cheerful "Shortie" who patrols the business end of the first floor, boasts the fact that she's a Stottville alumna. Irene, known as "Jean" to many, enjoys dancing and picnicing with "the gang", but especially with a certain employee of G. E.—Pittsfield. She also enjoys her Sunday afternoon "drives", and maybe someday she'll get her own license. "It's always easier," explains Irene, "to get a permit tomorrow."

C. PETER FISH

If you wish your ancestry traced, or you want to be soothed (??) by some remarkable bagpipe records, Pete is your man. One of the original Claverack gang (need we say more?), Pete is now a Hudsonian, and his favorite haunts include the tower and underground passageways of Christ Church. He is an ardent church worker and has chosen the Episcopal ministry as his life's work.

ADGER GANSON

Adger has a liking for the outdoors, and therefore it's not unusual that hunting and fishing come first among his outside activities. Being quite an expert hunter, this senior from Stuyvesant Falls, has bagged everything from small animals to bigger game, such as deer. Casting for trout or bass is also one of his favorite pastimes. If you want to chat about hunting or fishing, be sure to see Adger in room 351.

JEANNE L. GENGENBACH

If you are looking for a heated argument, look for Jeanne, that beautifully dressed red head; she is usually right in the center. Jeanne's good humor and wit have won her many friends. Jeanne has been a member of the "Blue and Gold" Editorial Staff, Owl, and Photography Club. This year she was a member of the Student Council and the Student Service Committee. To Jeanne, the class of '54 says, "Life's little problems aren't bad; they're worse."

ROBERT GOLDING

Bob has the sparkling ability to get along with his fellow students. He has been a member of the Charlatans, a letter man in band, a key holder in "Owl", active in Photography Club, Projection Club, Science Club, and Student Service Committee. He was treasurer of Charlatans in his senior year and was inducted into Thespians in his sophomore year. Bob works at Neefus's after school, preparing for his career in photography after graduation.

MARSHA GOLDSTEIN

Marsha has been outstanding in her high school dramatic activities. Her hard work in the Charlatans helped win for her the honor of becoming a member of the Thespians in her sophomore year. Marsha has acted as president of the Charlatans this year and was president of the Thespians. This year the Science Club, the editorial staff of the "Blue and Gold", and the National Honor Society have taken much of her time.

JOHN A. GRANDINETTI

One of the nicest guys in Hudson, "Hu", is the title Johnnie has earned for himself. His various activities are Varsity baseball, J. V. basketball and football, intramural basketball and soccer, Dance Club, dues collector, and choir. With this schedule he still finds time to be one of the top young keggers in the city. After graduation, Johnnie hopes to serve in Uncle Sam's Navy, in which we wish him the best of luck.

SANTA M. GRAZIANO

Santa is that quiet classmate of ours in H. R. 353. As an outside activity, Santa types for the "Owl". She enjoys roller skating and places square dancing at the top of her amusement list. As her greatest achievement, Santa chooses passing business arithmetic. Her favorite subject is English 12. Upon graduation Santa wishes to become a secretary.

SHIRLEY E. GRENER

If you're feeling low, Shirley is the girl to cheer you up. Her ability to turn conversation into jokes has won her many friends. Photography interests Shirley and accounts for her being a member of the Photo Club for two years. "Shirl" likes to roller skate, ice skate, and bowl a few games now and then. After graduation she intends to enter a business office.

RUBY GRIFFIN

This twin member of the Griffin family has upheld the family tradition of athletics. She was very active in both baseball and basketball. Through her efforts, Ruby achieved a place for herself on the Girls' Athletic Association Board. Ruby's extra-curricular interests also include dancing, which explains her membership in Dance Club. All of these activities will add to the fulfillment of Ruby's athletic ambitions.

RUTH GRIFFIN

Ruth is a very athletic girl. She enjoys sports and participated in girl's basketball and baseball. She was also a member of the G. A. A. Board and received a letter for her athletic ability. "Twin", as she is often called, can be seen wearing her brother's athletic letters and other athletic pins on her sweaters. Ruth considers English her favorite subject. After graduation, her goal is to become either a secretary or a beautician.

FRANK W. HAGEN

Frank, who came to us in his sophomore year from Kinderhook, enjoys working with automobiles. Accordingly, his hobby is drawing cars. His favorite subject is auto-mechanics, and he has spent a great deal of time with his brother tinkering with his car. Good luck in future years, Frank. We're sure you will make a top notch auto-mechanic.

MARGARET A. HALL

Margaret, known better as "Peggy", is one of those effervescent members of the class. This characteristic may explain her success as a four year choir and band member and her success as "Owl" copy editor. Put together a charming personality, good looks, intelligence, a sense of humor, and you can't help but come up with the combination that has made Peggy such a valuable and unforgettable member of the class of '54.

JUDITH L. GROSSMAN

A friendly and attractive blonde is Judy, who has been a member of the Charlatans four years. Her hobby is collecting small figurines, while some of her activities include taking piano lessons and working at a Youth Bureau playground in the summer. Judy considers retailing her favorite subject and plans to study merchandising in junior college.

WILLIAM HALLENBECK

"Billy" has been one of the most active boys in our class. While standing at his Student Service post, he has a "Hi" for everyone, even freshmen. Billy's long list of activities include "H's" in baseball, basketball, and soccer, "Blue and Gold" art staff, intramural basketball, soccer and finally orchestra. This drummer boy was also elected vice-president of the class in his junior year. Billy's athletic and artistic prowess and easy-going manner will be greatly missed by Hudson High for years to come.

JOAN E. HARRIS

Combine personality, brains, and a sense of humor and it comes out Joanie. Joanie came to H. H. S. from Sauger-ties in her junior year, and has been an asset to the class of '54. She has been an active member of choir, Girls' Ensemble and Charlatans. This year she served the class of '54 as its assistant treasurer. Joan's fine school record will make it easy for her to accomplish anything she undertakes in the future.

Office

The office was a cheery place,
I really must admit,
Unless, by some unfriendly deed,
That's where you had to sit.

But, help was always offered there
And valuable advice,
Was given for the asking
By folks who were so nice.

I send to that staff, one last farewell
As off to the world I'm sent,
And say to you all as I leave this place,
"Thanks for the time you spent".

—Jane Magsamen

Gym

What would we do without our gym,
Without its wonderful dances?
No fun decorating for her or him,
No juggling of his finances.

What would we do without our gym,
No basketball games to see.
All our cheerleaders with vigor and vim,
Would waste all that energy!

What would we do without our gym
No one can really express it,
HHS life would seem much more dim,
And we're mighty glad we possess it!

—Sandra Epstein

Library

I'll always remember this cozy room,
When book reports were due.
I really got to reading then,
And all the pages flew.

But I didn't always read in there,
Like a studious high school kid,
For don't you think I fooled with friends?
You bet I did!

—Jane Magsamen

Overstreet

Gallant forces march overstreet,
Down the pathway in sun or sleet,
Quickly walking rank and file,
Into the Blue Anchor's doors they pile.

Some think another spot is fine,
Outside of it looms the Rexall sign;
Within it's tough to find a seat,
Amid the mass of hands and feet.

At last a chair, let's get those cokes,
And hear what's new and crack some jokes;
So ends the marching, our day's complete,
Tomorrow again we'll go overstreet.

—Sandra Epstein

Cafeteria

My, what a time I used to have,
A-running for that line.
No matter just how fast I went,
I never was in time.

But when I made my way along,
And I finally got my eats,
I usually lost my appetite,
When someone yelled "No seats!"

—Jane Magsamen

Drama Shop

In this place can be found, without any doubt,
Old fashioned articles placed round-a-bout;
Strange, wonderful garments are also found here,
And all kinds of make-up ready to smear;

A voice of a student suddenly starts
To outdo the others, reciting their parts;
Posters and photos abound on each wall,
Masks laughing and crying symbolize all;

A good-humored fellow oversees his domain;
As everyone knows Mr. Sullivan's his name;
A word often used in this place is "prop"
What room could it be but the drama shop.

In September of 1951, 185 prospective members of the class of "55" entered Hudson High School and quickly made themselves right at home. With the able assistance of their advisor Mr. Sugarman, things were soon underway following the election of the class officers: Lloyd Seaman, president; Gary Harrington, secretary; Vivian Clowe, treasurer; and Barbara Matte, assistant treasurer. The colors green and white and an emblem shaped as a shield were chosen to represent the class. The freshman dance, "The Spring Swing," was held in April and was a big success.

After a successful freshman year, the class of "55" looked forward to their second year at Hudson High. President, Ralph Baker; vice-president, John DeJoy; secretary, Ann Frankel; treasurer, Ruth Finn; and assistant treasurer, Roberta Hicks capably

With Mr. Huddleston as class advisor, the following class officers were elected: president, Richard Hardy; vice-president, James Woodward; secretary, Ann Leavitt; treasurer, Harold Carter, and assistant treasurer, Susan Evans. The class of 1957 chose the colors blue and white and an emblem shaped as a shield. One of the biggest events of the year for the freshman class was its dance held on April 2.

The freshman homerooms chose their Student Council representatives as follows; Sondra Cukerstein, George Halloran, Richard Hardy, Jean Mulligan, James Shumsky, Elsie Unson, and Linda Willis.

Richard Hardy showed much talent in the acting of his part in the Charlatan presentation of "Christmas for a Junior Miss". Harry Carter also proved to be an outstanding singer in the Choir.

The freshman class produced many promising members for the school football, basketball, and soccer teams. Bernie Conine, "Lefty" Risch, and Henry Warchol will be great assets for the Varsity team in the future as shown by their outstanding play on the JV basketball team. Lou Pollack

also proved to be an outstanding football player as shown by his participation on the Varsity football squad. This year freshman cheerleading has been added to the school's extra-curricular activities. Those chosen were : Peggy Benner, Sally Conine, Sondra Cukerstein, Maureen Beecher, Paula Gold, Helen Kitsock, Ann Leavitt, Carol Patterson, Rose Piccola, Elizabeth Scirico, Marie Sheak, Judith Scott, Esther Stein, and Ann Turner.

The class of "57" has enjoyed its classes, clubs, and sports during the last year and is looking forward to three more pleasant years in Hudson High.

Double Exposure

The twins are always on the double
How do they ever keep out of trouble?
We call one name, and there is another!
We can't tell them apart; can their mother?
Our class sets of twins are three
It's sometimes confusing as can be.

Now Betty and Elaine are witty
And everyone agrees they're pretty.
Ruby and Ruth are a winning team;
In sports they're always on the beam.
Jean and Jane can write and draw;
Their talents make us stand in awe.
Can any class claim three or more?
Proud are we of '54!

The purpose of the Student Council is to provide students with an opportunity for self-expression in the activities of the school and to promote the general welfare of the school.

The Student Council sponsored the first dance of the year held in October, was mainly responsible for the record-breaking attendance at the four night football games, appropriated a sum of money for the purpose of buying a TV set for the school, and has taken an active part in the County Student Council. The 1954 Student Council also sponsored the magazine sales, and it has helped the Community Chest and the March of Dimes drives.

A Cappella Choir

The purpose of the A Cappella Choir, directed by R. Steele Phillips, is to present a choral program for the students interested in singing.

The greatest achievement of the Choir this year was the program presented in December for the Winter Concert, which received wide acclaim. This concert was presented by the combined music organizations. Several members of the Choir were chosen to participate at the All-County Choir held in February. Other accomplishments of the year were the participation in the Columbia County Music Festival and the Spring Concert held in May.

H.H.S. Band

The band, which is under the direction of Mr. Phillips, learns musical numbers which are presented to its many and varied audiences at football games, assemblies, parades, concerts, and exchange assemblies. Although the band appears to play each selection with ease, much time and effort are required on the part of the band members and the director in order to present a concert. The highlight for the band this summer will be a parade in New York City in July for the Lion's Club.

Dance Band And Choralettes

The purpose of the Dance Band and the Choralettes is to provide more specialized entertainment than either the band or Choir is able to do. The Dance Band provided music for dancing after many of the school's basketball games. The Choralettes displayed their fine ability and musical technique at performances at the Masonic Lodge, the County Ensemble program held in March, and the graduation exercises in June.

Whether the Dance Band and Choralettes perform separately or as a team, they can be depended on to do an excellent job.

Students possessing these qualities receive recognition and are inducted into the society in December and March.

During the past year the group has participated in American Education Week activities and held scholarship classes. The members tutored for mid-year exams and held their formal induction in March. The final activities of the year were a banquet held in March and a recent picnic.

The "Charlatans" is a well-known organization in the student body. Under the direction of Mr. Francis Sullivan, this group has improved public relations of the school by presenting radio programs and plays at the New York State Training School for Girls and the Presbyterian Church. It has also presented non-profit performances for the student body, and throughout the day makes the announcements over the PA. This year, the "Charlatans" presented "The Marriage Proposal", "The Monkey's Paw", an adaptation of "Junior Miss", and a spring production "I Remember Mama".

Members of this organization have entered various speech and debate tournaments during the year and have earned excellent ratings. Outstanding members of this hard-working group are later inducted into the National Thespians.

The aim of the National Thespians is to raise the level of drama appreciation in Hudson High School. The Thespians, advised by Mr. Francis Sullivan, is composed of students who have shown outstanding achievement in dramatics and related fields. Presenting a play every year of outstanding merit, this year "High Window", and providing leadership in the regular organization of the dramatic club, are the objectives of the members.

Dance Club

Every alternate Tuesday the Dance Club assembles in the gym to learn the fundamentals of popular dancing. This year two enthusiastic directors, Miss Bell and Mrs. Sammon, are teaching dances such as waltzes, fox trots, and polkas. One hindrance of the Dance Club has been its lack of boy members. Next year, it is hoped that there will be a more equal number of boys and girls.

The Forum, advised by Miss Mary Gorman, provides students with assemblies, debates, conferences, and a chance for participation in the Mid-Hudson Student Congress.

This year the Forum has concentrated upon a study of local problems. Speakers were recruited from local labor unions and the State Training School for Girls, and a number of local politicians addressed the group on problems of civic interest.

Because of the thorough work of the Forum in recent years, this year H. H. S. was awarded a chapter from the National Forensic League.

An important part of Hudson High life is its school paper, the "Owl", now in its thirty-second year of publication. The main objective of the "Owl" is to provide an accurate record of the activities of the school and to help train students interested in journalistic work.

One of the outstanding achievements of the "Owl" this year was the establishment of a local chapter of "Quill and Scroll" to reward individual achievement in newspaper work for members of the staff.

OFFICERS

President John Ritrosky
Vice-President Charles Inman
Secretary Betty Jean Holmes

The Photo Club, advised by Mr. Robert Kelley, is composed of students who are interested in learning about photography and students who want to add to their knowledge of photography.

The biggest job of the Photo Club is taking informal pictures for the "Blue and Gold". Evidence of the Photo Club's excellent work can be seen in the informals in this book and in the "Class Votes" drawing which was done by the Photo Club with the artistic talent supplied by Peter Engel and Bill Kilmer.

Other activities of the Photo Club include taking pictures for the "Owl" and preparing exhibits for the library.

Projection Club members are taught to operate and service all equipment, including the slide projector, record players, motion picture projectors, and the tape recorder. After a member has learned the use of all the equipment, he is given a Bell-Howell test and receives a certificate if he passes. Members also schedule the films and handle the mailing of them.

Since the Projection Club shows nearly 300 movies a year for use in classwork, every student in H. H. S. has at some time been benefited by this service organization.

The Science Club, with Mr. James Styles as faculty advisor, tries to create and further scientific interests of members through demonstrations, lectures, movies, and field trips.

Each member is required to present a lecture or demonstration once a year. Demonstrations this year were on a variety of subjects, such as, plastics, radio, rifles, etc. This year two field trips were taken, one in November and one in May. Places visited included General Electric of Pittsfield, Sterling-Winthrop Research Institute in Rensselaer, and the Albany Felt Company.

The primary function of the Student Service Committee is to keep order in the halls and to help make other school functions run smoothly. Aside from having regular hall and noon-hour posts, the members also collect the absentee cards, act as guides and ushers, and sell tickets at basketball and football games.

The S. S. C. is a sub-committee of the Student Council and is advised by Mr. Golding. It is composed of juniors and seniors who are chosen by the Student Council officers and approved by the administration. The reward of the Student Service Committee is the praise they receive year after year from the school administration and the members of the community for their job of helping school functions to run smoothly.

Every student has, probably, at one time or another come in contact with a member of the Zero-Twenty Club. These girls work at the library desk, help students find books, take inventory, set up exhibits, and do many other tasks to assist our librarian and their advisor, Miss Beatrice Chace.

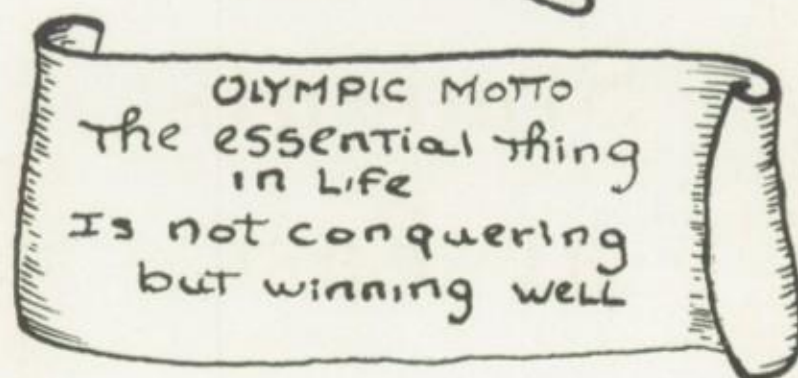

During their meetings, the girls participate in organized games and have parties on holidays. This past year they have set up a point system that entitles a girl to credits each time she works.

Soccer

The soccer squad ran into a little rough luck last fall, but still came up with a three win and five loss record. The boys fought hard in every game and have reason to be proud of their team. One of their major victories was the 6-0 defeat pinned on Valatie High, the county champs.

Dave Teator proved a worthy captain and helped to organize the club on the field. Bill Hallenbeck, goalie, will be greatly missed at that position by Coach Huddleston. Lou Payne and Joel Eisenberg rounded out the senior strength. Gunnars Vilinskis and Ray Husak will be back next fall and should form the backbone of the new squad.

"They would be lucky if they won a game. They were too 'green'; they were too small". These are the things that were being said about Hudson High's grid team before the start of the season. But once they were turned loose on the field, the Bluehawks began to fly. Coach Murtagh, in his first year at Hudson, along with Coach Czark and Coach Sammon, had put together one of the finest teams that ever wore the Blue and Gold colors. They lost only twice while running up five victories. This fine team was built around two things, speed and spirit. They were small, but they hit fast and hard. It would be difficult to list those who brought so much success to the team. It would be hard to pick a

star. There was the sensational running of Barry Mynter and Tom Canape, the drive of Steve Novak, and the ball handling of Jimmy Matties. There was also that great line led by hard-charging Jim Esselstyn and Tonu Kirsimagi. As Coach Murtagh said, "We didn't have any individual stars; we had a team".

The Junior Varsity squad, under Coach Sammon, compiled a record of two wins and two losses. Both of their defeats came at the hands of varsity teams. Like the varsity, speed and spirit won for the JV's. They had several fine players who will be able to step into Varsity positions in the coming years.

The Bluehawks had a hot and cold 1953-1954 season. Although they went without a win in eight Eastern Scholastic Conference games, a record of 6 wins and 4 losses was achieved against non-conference competition.

Gunnars Vilinskis shattered the Hudson High record for the most points scored by one player in a game when he racked up 49 points against Saugerties. Gunnars went on to break the H. H. S. season scoring record by establishing an all-time high of 364 points, breaking the previous record of 333 set by Charlie Fisher in 1952. The other two big scorers for the Bluehawks were Jim Matties and Lou Payne, who each scored about 250 points and confused their opponents with their lightning-like speed and deadly accuracy. In the backcourt, John DeJoy and Glenn Dallas did magnificent jobs in continually out-rebounding the taller capital district teams.

Like the Varsity, the JV's were hampered by lack of height and experience. However, they managed to beat some of the capital district's top Junior Varsity teams. Included in their record were triumphs over Cohoes, Schuyler, and Lansingburgh. The top scorers on the JV's were Tony Bucci, "Lefty" Risch, and Roger Seymour. These boys, along with Frank Shufelt and Andy Birznieks, should be a great help to the varsity in the years to come. Coach Murtagh, who did double-duty as both varsity and JV coach, expects some top-flight basketball from these boys in the future.

Cheerleaders

Throughout the last year the morale of our teams and the school as a whole has been pepped up by our Varsity and J.V. Cheerleaders. These bouncy girls have worked hard under the leadership of their invaluable manager Mona Moquin, so that they have been able to delight the student body as well as our visitors with the laudable results of their efforts. The acrobatic ability of the Varsity has been displayed in such stunts as cartwheels and splits. We should not forget the splendid work done by the team of the future stars, our J.V., for they have done a remarkable job of "cheering up" our junior varsity athletes.

The formation of a freshmen cheerleading squad was started this year, and it is hoped that it will become tradition, thus providing good training for our future J. V. and Varsity Cheerleaders.

Because of a lack of defensive power, the baseball team ran into some tough going during the season and finished with a record of six wins and eight losses. One of the brightest spots during the year was Jimmy Matties' one-hit shutout over Watervliet. Coach Atkins had some fine pitching turned in by Dick Grieger, John Hermance, Lou Payne, and Jim Matties. This, combined with the fine catching of John Unson and John Grandinetti, and the hitting of Tom Gorman, Jim Kitsock, Dave Teator, and Billy Hallenbeck, helped Hudson High over many rough spots during the season.

They scored $6\frac{1}{3}$ points in the sectionals at Johnstown and finished fourth in the Eastern Scholastic Conference with 19 points.

A fast team of Blake, VanNess, Hoffman, and Mathews won the E.S.C. relay trophy. Barry Mynter set a new half-mile record, and Lenny Wise pole-vaulted to a first place tie in the sectionals. Harold Sears showed form and promise in the shot-put and discus department.

Boys' Bowling

The Bowling Squad started out strong, but they hit some bad luck as the season wore on. This year our team is a member of the Eastern Scholastic Conference and they rolled to victory in their first three conference matches. The high single of the year was rolled by Dick Woodward as he ran up a 208 score against Cohoes.

Bowling at Hudson High started in a small way two years ago. That year they placed 19 out of 38 teams in the Section 2 Bowling Congress. Last year they finished 13 out of 38 teams. This year Coach Atkins had 26 boys report for tryouts. The squad now numbers eighteen. It is hoped that this fine sport may continue for many years at Hudson High.

The girls' squad participated in three games and a playday, winding up with a record of 1 win and 2 losses. A victory was recorded over Ockawamick. The capability of the team was due to a new high participation record, plus speed and height.

Girls' Basketball

This is the first time in the history of Hudson High that the girls have had an organized bowling team. This fact was due mainly to the time spent by Mrs. Huddleston in coaching the girls. Even with the lack of experience, the girls were able to hold their own in two games with Albany High 591 to 678, 541 to 519. Joan Taylor paced the team with an average of 138.

Mrs. Ruth C. Whitcomb

Mr. Mark Guthridge

After 25 years of devoted teaching at Hudson High School, Mrs. Ruth Calkins Whitcomb left Hudson last November to move to Fulton, New York, where she and her husband now live. Mrs. Whitcomb had become well-known for her high degree of success in teaching biology and for her active membership in community activities. Her many friends among the students and faculty of H.H.S. wish to express their regret at seeing Mrs. Whitcomb leave Hudson and extend their best wishes in her new life.

Mr. Mark Guthridge, of Schodack Landing, came to Hudson High in November to teach biology with experience in his field. Mr. Guthridge was not a stranger to students, since he had previously acted as substitute biology teacher. The students of Hudson High wish the best of luck to Mr. Guthridge in his new duties.

This is the Buick for those with a boundless zest for automotive adventure.

This is the spirit-lifting Skylark — Buick's luxury sports car — with flight-designed lines, with road-snugging compactness, with the corsair-sweep of a finned rear deck — and with pulse-pounding performance second to no Buick ever built.

To succeed is to make a living at work that interests you. The work that interests you may not make you rich. What of that? The wise man learns to live. The shrewd man learns to make money. But the man who has learned to live is happy. Because his work interests him, it is not work at all.
